📄 HOW TO GET STARTED WITH Demos?

1. Registration

Sign up on Demos using a **referral address** from an existing member.

Upon registration, **$10 USDT** is deducted from your wallet.

2. Instant Distribution

The full **$10 USDT** is instantly distributed within the community to support the cause.

Direct Income: Up to **90%**, the highest in similar programs, goes to your direct sponsor.

3. Matrix System (2×2)

Every user is placed into a **2×2 matrix structure**.

Placement is done **top to bottom, left to right**, filling positions automatically from your downline.

This continues infinitely, creating endless opportunities for growth.

4. Upgrades & Growth

To maximize income, users must **upgrade their IDs** through higher packages.

Enroll new members ("helpers") into the community to expand your network and unlock more rewards.

5. Lifetime Benefits

Earn **unlimited income** through direct referrals, matrix growth, and upgrades.

100% on-chain with **Polygon blockchain smart contracts** ensures full transparency, security, and decentralization.

RANK UPGRADE INCOME

When income flows from the downline, the system will first search up to 50 levels above to find the eligible person. Eligibility means your own package (rank) must be equal to or higher than the package from which the income is generated. If your package is lower, you receive 0% income. If your package is equal or above but still below the required target rank (such as 6th, 9th, 12th, etc.), you receive 50% income. However, if your package is at the required rank or higher, you receive 100% income. In short: smaller than required rank = 0%, eligible but below target rank = 50%, and at or above target rank = 100%, with the system checking up to 50 levels to assign the income.

REP. SPONSOR INCOME

The Repurchase Sponsor Income is the commission a sponsor earns whenever their direct downline (direct users) repurchase or upgrade their packs.

For Pack 2 to Pack 8 → Sponsor earns 10% of the pack amount.

For Pack 9 to Pack 15 → Sponsor earns 20% of the pack amount.

✓ Eligibility Rule:To qualify for this income, the sponsor's own active pack must be equal to or higher than the pack purchased by their direct user.

LEVEL INCOME

Level Income

Users will earn level income up to 15 levels deep in the sponsor-to-sponsor structure.

☑ Eligibility Rule: To receive level income from any pack, the user must hold an active pack that is equal to or higher than the pack from which the income is generated. In simple terms: If your pack is lower, you will not earn income. If your pack is equal or higher, you will qualify for the level income as per the Chart.
